WASHINGTON, D.C. 20301

23 July 1971

SUBJECT:	Agenda for COMIREX MC&G Working Group Meeting, 10 August 1971
TO:	COMIREX MC&G Working Group Members
1. A MCC in Room 2	GWG meeting is scheduled at 1300 - 1530 hours on 10 August 1971 2D921 Pentagon.
2. Agend	da items follow:
	D. 11.1.1. 6.10 P. 27. 9
b. <u>I</u>	Predictions of 12" SI Coverage.
I	For purposes of planning in the MCGWG community, NRO is request
	nt predictions of accumulated photo coverage after each 12° map ission for at least 10 missions as planned by current NRO sched
Requireme	ent areas should be essentially worldwide, excluding ice areas,
totaling	50.4 million square statute miles as set forth in MCGWG meetin
separate	771. Worldwide areas should be treated as a total; however, a breakout of anticipated coverage of bad weather areas is also
${f n}$ eeded.	Initial or subsequent figures should reflect the impact of
	on by a system of 4 basic priorities changed to some extent for sion and incorporating major changes at least annually. It is
	od NRO has already begun this type of prediction. But that res
are best	provided on a step by step basis. On 10 August NRO will provi
